## CLIMATE CHANGE AND BIODIVERSITY

In this webinar we will explore the impacts of COP27 and COP15 on the life of our planet.

In ‘Sowing Hope for the Planet’ we realize that “we are all in this together”.

**Please join us as participants!**

Speakers will share their experiences and discuss how the **Laudato Si’ Action Platform** and our environmental statements are ways for us to make this vision a reality.

To move us forward, **advocacy suggestions** will also be shared.
